Who are we?

Over The Wall Camp offers free medical residential camps to children and young people, as well as their families. Camp is a safe place for campers to grow and feel that they belong. We empower children and families to explore new possibilities and rediscover the fun and magic of childhood.

What we offer

Our residential camps are rated OFSTED Outstanding and 100% free. By 'camp' we don't mean tents! All camps include housed accommodation, meals, fun-filled activities, and on-site medical and wellbeing care.

Health Challenge Camps (ages 8–17)

For children and young people living with a health challenge or who have completed treatment within the last 3 years.

Sibling Camps (ages 8–17)

For young people who have a sibling (aged 0-17) living with a health challenge.

Family Camps

A 2-night break for the whole family when at least one child has a health challenge (ages 0–17) and one family member is aged 8–17.

Who can come to camp?

We welcome campers with over 130 different medical conditions. Each application is assessed individually to ensure we can meet medical and wellbeing needs safely. For our full eligibility guidance, visit otw.org.uk/criteria

Getting to camp

Limited travel support is available for our Health Challenge and Siblings Camps.
